Team Heart & Stroke Intro Letter & Application

The **American Heart Association/American Stroke Association** is proud to be a part of the New York Road Runners Charity Partner Program. We have a limited number of guaranteed entries to this year's race. In exchange for a guaranteed entry through the American Heart Association, recipients will commit to raising funds to support our life saving work.

The **American Heart Association/American Stroke Association** mission is to be a relentless force for a world of longer, healthier lives. At the American Heart Association, we believe that every person deserves the opportunity for a full, healthy life. As champions for health equity, by 2024, the American Heart Association will advance cardiovascular health for all, including identifying and removing barriers to health care access and quality.

Team Heart & Stroke Athletes will receive a number of benefits upon joining. These include, but are not limited to, **guaranteed race entry, access to training programs and coaching from a certified running coach, a complimentary Team Heart & Stroke endurance t-shirt, a personalized fundraising page, and an invitation to race weekend activities.**

Frequently Asked Questions about the TCS New York City Marathon Charity Partner Program

What is the fundraising commitment?

Team Heart & Stroke athletes **must commit to a fundraising minimum of \$4,000** for The American Heart Association as a condition of joining. Athletes are able to choose from the following fundraising levels:

\$4,000 REQUIRED MINIMUM

- In addition to the benefits listed above, athletes who join Team Heart & Stroke at the \$4,000 fundraising level receive an invitation for one additional guest at our pre-race event. The responsibility of the NYRR Registration fee due upon official race registration is that of the athlete.

ADDITIONAL OPTIONAL FUNDRAISING LEVELS

\$6,000

- In addition to the benefits listed above, athletes who join Team Heart & Stroke at the \$6,000 fundraising level swag and an invitation (+2 guests) at our pre-race event. Responsibility of the NYRR Registration fee due upon official race registration is that of the athlete.

\$8,000

- In addition to the benefits listed above, athletes who join Team Heart & Stroke at the \$8,000 fundraising level swag and an invitation (+3 guests) at our pre-race event. Responsibility of the NYRR Registration fee due upon official race registration is that of the athlete.

NYC Heart & Stroke
MARATHON TEAM

\$10,000+

- In addition to the benefits listed above, athletes who join Team Heart & Stroke at the \$10,000 fundraising level receive an invitation (+4 guests) at our pre-race event, and complimentary Team Heart & Stroke swag. Responsibility of the NYRR Registration fee due upon official race registration is that of the athlete.

When is the fundraising commitment due?

By Friday, September 1st, 25% of the fundraising level you chose must be raised.

By Friday, October 27th, runner must raise a minimum of \$4,000 (regardless of which level chosen).

If you do not reach the \$4,000 minimum, you will be required to donate the difference

All runners must fundraise on the AHA designated site. The American Heart Association will provide you with tools and resources to help with fundraising.

How do I apply?

Application link will be provided soon. For updates, please email nycmarathon@heart.org.

What is the deadline to submit my application?

Spots are filled on a first-come, first-served basis. Applications will be accepted until Thursday, September 14th or until all spots have been filled – whichever comes first.

If I am accepted, when will I be notified?

Selected applicants will be notified by email within one week of receipt of their application.

What happens if I withdraw from the race?

If you withdraw for any reason, the money you fundraised by withdrawal date will not be refunded.

How will the American Heart Association use the funds that I raise?

Every dollar raised allows the American Heart Association to continue to help improve patient care, accelerate research discoveries, support our under-resourced communities, and increase awareness about the risk factors of heart disease and stroke.
