IMPROVING NEONATAL AND PEDIATRIC RESUSCITATION AND EMERGENCY CARDIOVASCULAR CARE

Thursday, June 9, 2016

7:45am – 4:00pm • registration at 7:00am

Columbus Marriott Northwest | 5605 Blazer Parkway | Dublin, OH 43017

For more details visit www.heart.org/GRAresus

Keynote

Vinay Nadkarni MD, MS, FCCM, FERC, FAHA is a Professor and Endowed Chair of Pediatric Critical Care Medicine, and Associate Director of the Center for Resuscitation Science at the University of Pennsylvania Perelman School of Medicine. He serves as co-chair of the International Liaison Committee on Resuscitation (ILCOR, 2007-2016) and was chairman of the AHA Emergency Cardiovascular Care Committee 2006-2010. With colleagues, he formed a scientific advisory board to found the AHA National Registry of CPR (now Get With The Guidelines-Resuscitation) to collect, analyze, and publish national trends in the process and outcomes of in-hospital cardiac arrest. Dr. Nadkarni has authored more than 300 peer-reviewed manuscripts and 35 book chapters related to the practice of critical care and resuscitation science, and has mentored >100 young physician-scientists. He has received major awards for his work, including the Society of Critical Care Medicine Asmund S. Laerdal Award for Lifetime Achievement, the 2013 Presidential Citation from the Society for Simulation in Healthcare, AHA inaugural Ron Haddock International Impact Award, the 2014 American Academy of Pediatrics Distinguished Career Award and was recognized as an ILCOR Giant in 2015.

Topics

- Guidelines Update for Neonatal and Pediatric CPR and ECC (2015)
- Trends in High Quality CPR
- Improving Code Team Dynamics
- Code Debriefing: Improving Quality of Care Through Structured Review
- Ethical Aspects of CPR and ECC
- In-Hospital Track
 - Code Team Training and Assessment: Best Practices from the Floor
 - NRP vs PALS
 - A Hub and Spoke Model for Pediatric Critical Care
- Out-of-Hospital Track
 - Are Kids Just Little Adults? Reducing Fear in EMS Around Treating Pediatric Patients
 - Resuscitating the Drowning Victim and other Environmental Emergencies
 - Pediatric Toxicology for EMS Providers
- Simulation Workshops

Target Audience

Hospital clinicians and medical professionals with an interest in neonatal and pediatric resuscitation, such as:

- Physicians
- Nurses and Nurse Practitioners
- Respiratory Therapists
- Rapid Response, Resuscitation & Code Team Members
- EMT's and Paramedics
- Quality Improvement Staff
- Administrators and other hospital based staff that interface with emergency response in their facility

Planning Committee

Emily Cosgrove, BA, RNII, RNC-NIC

NICU Simulation Coordinator
Cincinnati Children's Hospital Medical Center

Tensing Maa, MD, FAAP

Assistant Professor of Clinical Pediatrics
Nationwide Children's Hospital

Kenneth Crank, NREMT-P, EMSI

Emergency Medical Services Coordinator
Cincinnati Children's Hospital Medical Center

Daniel ("D.J.") Scherzer, M.D.

Pediatric Emergency Medicine
Nationwide Children's Hospital

James Davis

Deputy Chief
City of Columbus Division of Fire

Ken Tegtmeier, MD, FAAP, FCCM

Professor, Pediatric Critical Care
Cincinnati Children's Hospital Medical Center

Richard P. Fernandez, MD

Director of Heart Center Simulation
Nationwide Children's Hospital

Marcia D. White, RPh

Pediatric ICU
Cleveland Clinic

Keshava Murthy Narayana Gowda, MD

Dept. of Pediatric Critical Care Medicine
Cleveland Clinic

Mark L. Johnston BA, REMTP

Emergency Medical Services Coordinator
Project Heart ReStart, The Christ Hospital Health Network
